### DSM Science & Technology Award 2019

Royal DSM and the Federation of European Nutrition Societies (FENS) are currently inviting nominations for the DSM Science & Technology Award 2019. The Award accompanies a cash prize of €5,000, recognizing and rewarding excellence in innovative Human Nutrition PhD research. [Click here](#) for further details

### 'Epigenetic reprogramming regulating adipose tissue plasticity and function'

Professor Christian Wolfrum, ETH Zürich, is one of the plenary speakers at FENS 2019. Ahead of the conference we asked Professor Wolfrum about his research, thoughts on malnutrition and obesity interventions, and lecture topic. [Click here](#) to read the full interview.

### 'Current metabolomic perspectives on malnutrition in obesity'

Professor Ellen Blaak, Maastricht University, the Netherlands, will also deliver a plenary session at FENS 2019. She was happy to answer a few questions providing a short overview of her research career, thoughts on malnutrition and obesity interventions, and her lecture topic.
